Economic Development Power Allocation Board

KATHY HOCHUL
Governor

JUDGE CECILY MORRIS
Chair

A regular meeting of the Economic Development Power Allocation Board (“EDPAB”) was held via video conference, at approximately 9:00 a.m.

The following Members of the Board were present:

Judge Cecily Morris, Chair
Dennis Trainor, Member
Andrew Silver, Member

Also in attendance were:

Lori Alesio	Executive Vice President and General Counsel
Maribel Cruz-Brown	Senior Vice President – Customer Solutions, NYPA
Karen Delince	Vice President and Corporate Secretary, NYPA
Emily Alkiewicz	Director – Power Contracts & Tariffs, NYPA
Steve Vancol	Manager – Power Contracts and Tariffs, NYPA
Megan Fleitz	Customer Solutions Analyst – Clean Energy Solutions, NYPA
Lorna Johnson	Senior Associate Corporate Secretary, NYPA
Sheila Quatrocci	Senior Associate Corporate Secretary, NYPA
Michele Stockwell	Senior Assistant – Corporate Secretary, NYPA

Introduction

Chair Cecily Morris welcomed members of the Board Dennis Trainor and Andrew Silver and Authority senior staff to the meeting. She said that the meeting had been duly noticed as required by the Open Meetings Law and called the meeting to order pursuant to the EDPAB Bylaws, Article III, Section 2.

1. Adoption of the May 20, 2024 Proposed Meeting Agenda

On motion made by Member Dennis Trainor and seconded by Member Andrew Silver, the Agenda for the May 20, 2024 meeting was adopted.

Chair Cecily Morris and Members Dennis Trainor and Andrew Silver declared no conflicts of interest based on the list of entities being considered for power allocations.

2. Approval of the Minutes

On motion made by Member Dennis Trainor and seconded by Member Andrew Silver, the Minutes of the Meeting held on March 25, 2024 were unanimously approved.

Chair Cecil Morris invited Ms. Maribel Cruz-Brown, Senior Vice President of Customer Solutions, to present staff's recommendations to the Board.

Ms. Maribel Cruz-Brown said that staff is requesting that the members approve the recommendations of the ReCharge New York Power Allocations which will be presented by Mr. Steve Vancol, Manager of Power Contracts and Tariffs.

3. Transfer of Recharge New York Power Allocations

"SUMMARY"

The Economic Development Power Allocation Board ("Board") is requested to approve the transfers of the Recharge New York ("RNY") Power allocations listed below, subject to the conditions discussed in this memorandum:

1. Transfer of a 3,536 kilowatt ("kW") RNY Power allocation awarded to Mohawk Fine Papers, Inc. ("Mohawk"), for use at its facilities at 1 O'Connor Drive, Waterford, NY 12188, and 465 Saratoga St. Cohoes, NY 12047, to Fedrigoni Special Papers North America, Inc. ("Fedrigoni"), to address organizational changes.
2. Transfer of a pending 20 kW RNY Power allocation awarded to 230 Hill Road LLC ("230"), for use at its 90 Brentwood Dr., Wappingers Falls, NY 12590, New York facility, to Reserve Snacks Inc. ("Reserve"), to address organizational changes.

The Board has previously approved transfers of RNY Power allocations in similar circumstances.

If the Board approves the requested transfers, the Trustees of the New York Power Authority (“Authority”) will also be requested to approve the transfers.

DISCUSSION

The following discussion describes the facts relating to the recommended transfers.

1) Mohawk Fine Papers, Inc.

Mohawk was awarded a 3,536 kW RNY Power allocation, for use at its facilities at 1 O’Connor Drive, in Waterford and 465 Saratoga St., in Cohoes, where Mohawk manufactures, sells and distributes fine papers and envelopes.

On February 21, 2024, Mohawk’s assets and certain liabilities were purchased by Fedrigoni. The sale closed February 22, 2024. Fedrigoni plans no changes to the business that Mohawk conducted at these facilities.

Mohawk and Fedrigoni have asked that the 3,536 kW RNY Power allocation be transferred from Mohawk to Fedrigoni. Fedrigoni has indicated that it will honor all the terms and commitments made by Mohawk in the Agreement for the Sale of Recharge New York Power and Energy with the Authority covering the allocation.

2) 230 Hill Road LLC

230 was awarded a 20 kW RNY Power allocation for use at facilities in Wappingers Falls. Apparently, 230 purchased the site for the purpose of facilitating the business operations of Reserve, a related company. Reserve manufactures specialty popcorn chips called “popped snacks.”

230 now seeks to transfer the 20 kW RNY Power allocation to Reserve to support Reserve’s operations. Reserve has indicated to NYPA that it will honor all the terms and commitments approved by the Board regarding the award of the allocation to 230. If this transfer is approved, the Authority will enter into a power sale agreement with Reserve.

RECOMMENDATION

Staff recommends that the Board approve the transfers discussed above, subject to the following conditions: (1) approval of the transfers of the RNY Power allocation by the NYPA Board of Trustees; (2) there be no material reductions in the base employment level or capital investment commitment associated with the allocation that would be transferred; and (3) the transfer is addressed in contract documents containing such terms and conditions determined by the Authority to be appropriate to effectuate the transfer.”

Mr. Steve Vancol, Manager of Power Contracts and Tariffs, provided highlights of the staff’s recommendation to the members. He said that the members are requested to recommend that the New York Power Authority’s (“NYPA”) Board of Trustees approve the transfer of a 3,536-kilowatt (“kW”) Recharge New York (“RNY”) Power allocation awarded to Mohawk Fine Papers, Inc., (“Mohawk”), for use at its facilities at 1 O’Connor Drive, Waterford, NY and 465 Saratoga Street, Cohoes, NY to Fedrigoni Special Papers North America, Inc. (“Fedrigoni”) to address organizational changes; and the transfer of a pending 20-kW RNY Power allocation awarded to 230 Hill Road LLC (“230”) for use at its 90 Brentwood Drive, Wappingers Falls, New York, facility to Reserve Snacks Inc., (“Reserve”), to address organizational changes.

On motion made by Member Dennis Trainor and seconded by Member Andrew Silver, the transfer of Recharge New York Power Allocations as recommended by staff, was approved by the Board.

The following resolution was unanimously adopted by members of the Board present.

RESOLVED, That the transfer of a 3,536 kilowatt (“kW”) Recharge New York Power allocation awarded to Mohawk Fine Papers, Inc. for use at its facilities located at 1 O’Connor Drive, Waterford, NY 12188 and 465 Saratoga St. Cohoes, NY 12047, to Fedrigoni Special Papers North America, Inc. for use at the same facilities, as described in the foregoing memorandum be, and hereby is, approved subject to the following conditions: (1) approval of the transfer by the New York Power Authority (“NYPA”) Board of Trustees; (2) there be no material reduction in the base employment level or capital investment commitment due to the transfer as provided for above; and (3) the transfer is addressed in contract documents containing such terms and conditions determined by the NYPA to be appropriate to effectuate the transfer.

RESOLVED, That the transfer of a pending 20 kW Recharge New York Power allocation awarded to 230 Hill Road LLC for use at its facilities located at 90 Brentwood Dr., Wappingers Falls, NY 12590, to Reserve Snacks Inc. for use at the same facilities, as described in the foregoing memorandum be, and hereby is, approved subject to the following conditions: (1) approval of the transfer by the New York Power Authority (“NYPA”) Board of Trustees; (2) there be no material reduction in the base employment level or capital investment commitment due to the transfer as provided for above; and (3) the transfer is addressed in contract documents containing such terms and conditions determined by the NYPA to be appropriate to effectuate the transfer.

OTHER BUSINESS

No other business to report.

5. Next Meeting

Chair Cecily Morris said that the next meeting of the Board will be held on Monday, July 29, 2024 at 9:00 a.m.

Closing

On motion made by Member Dennis Trainor and seconded by Member Andrew Silver, the meeting was adjourned at approximately 9:11 a.m.

Economic Development Power Allocation Board

KATHY HOCHUL
Governor

JUDGE CECILY MORRIS
Chair

July 30, 2024

To: Economic Development Power Allocation Board
From: Senior Vice President, Customer Solutions
Subject: Recharge New York Power – New, Extended and Modified Allocations

SUMMARY

The Economic Development Power Allocation Board (“EDPAB” or “Board”) is requested to:

- (a) recommend that the New York Power Authority (“Authority” or “NYPA”) Board of Trustees (“Trustees”) extend each of the seven allocations of Recharge New York (“RNY”) Power (“Allocation” or collectively “Allocations”) awarded to the businesses listed in Exhibit “A” for a term of seven years. The term would commence on the expiration of each such existing Allocation, or in the Authority’s discretion, on a date to be agreed upon by the parties, for a term not to exceed seven years (collectively, the “Extended Term”), subject to the following conditions:
 - i. A customer whose Allocation would be extended would have to agree to provide supplemental commitments for, among other things, jobs and capital investments, as it has in its current RNY Power agreement(s) with the Authority (collectively, “Current RNY Power Agreement”) for the length of any Extended Term, through the incorporation of such supplemental commitments in the proposed final contract that is executed by the parties. With respect to capital investments, the vast majority of RNY Power customers (i.e., those who do not have project/expansion capital investment commitments) would be expected to meet a minimum capital investment commitment.
 - ii. Unless otherwise noted, each of the customers identified in Exhibit “A” is in compliance with its contractual obligations to the Authority under its Current RNY Power Agreement;
- (b) recommend that the Trustees approve three modifications related to the previously approved RNY Power allocations, extensions, and/or related supplemental commitments for the customers listed in Exhibit “B”;
- (c) recommend that the Trustees award two new allocations of RNY Power available for “retention” purposes to the businesses listed in Exhibit “C” in the amounts indicated therein;

- (d) recommend that the Trustees award three new allocations of RNY Power available for “expansion” purposes to the businesses listed in Exhibit “D” in the amounts indicated therein;
- (e) recommend that the Trustees award thirteen new allocations of RNY Power available for eligible small businesses and/or not-for-profit corporations to the entities listed in Exhibit “E” in the amounts indicated therein;
- (f) determine that the two applicants listed in Exhibit “F” are not eligible to receive an RNY Power allocation; and
- (g) terminate the application review process for the two applicants listed in Exhibit “G”.

The Board is further requested to recommend that, in addition to any other terms and conditions that the Authority determines in its discretion to be appropriate for the sale of any Allocations recommended herein, such terms and conditions include:

- (a) provisions for effective periodic audits of the recipient of an allocation for the purpose of determining contract and program compliance, and for the partial or complete withdrawal of an allocation if the recipient fails to maintain commitments, relating to such things as employment levels, power utilization, capital investments, and/or energy efficiency measures;
- (b) requirements for an agreement by the recipient of an allocation to undertake at its own expense an energy audit of its facilities at which the allocation is consumed, which may be modified by the Authority on a showing of good cause by the recipient, and that the recipient provide the Authority with a copy of any such audit or a report describing the results of such audit;
- (c) a requirement for an agreement by the recipient of an allocation to make its facilities available at reasonable times and intervals for energy audits and related assessments that the Authority desires to perform; and
- (d) a requirement that if the actual metered load at the facility where the allocation is utilized is less than the allocation, such allocation will be reduced accordingly.

The sale of any Allocation as proposed herein will be governed by the form of the RNY Power contract that was approved by the Trustees on March 26, 2019, and existing Authority Service Tariff RNY-1.

BACKGROUND

On April 14, 2011, the RNY Power Program was signed into law as part of Chapter 60 (Part CC) of the Laws of 2011. The RNY Power Program is codified primarily in Economic Development Law (“EDL”) § 188-a and Public Authorities Law § 1005(13-a) (the “RNY Statutes”). The program makes available 910 megawatts (“MW”) of “RNY Power,” 50% of which will be provided by certain Authority hydropower resources and 50% of which will be procured by the Authority from other sources. RNY Power contracts can be for a term of up to seven years in exchange for job and capital investment commitments. RNY Power is available to businesses and not-for-profit corporations for job retention and business expansion and attraction.

As part of New York State's initiative to foster business activity and streamline economic development, applications for all statewide economic development programs, including the RNY Power Program, have been incorporated into a single on-line Consolidated Funding Application ("CFA") marking a fundamental shift in how State economic development resources are marketed and allocated. Beginning in September 2011, the CFA was available to applicants. The CFA continues to serve as an efficient and effective tool to streamline and expedite the State's efforts to generate sustainable economic growth and employment opportunities. All applications that are considered for an RNY Power allocation are submitted through the CFA process.

RNY Power is available to businesses and not-for-profit corporations for job retention and business expansion and attraction purposes. Specifically, Chapter 60 provides that at least 350 MW of RNY Power shall be dedicated to facilities in the service territories served by the New York State Electric and Gas, National Grid, and Rochester Gas and Electric utility companies; and at least 200 MW of RNY Power shall be dedicated to the purpose of attracting new businesses and encouraging expansion of existing businesses statewide. In July 2021, legislation was enacted increasing the dedicated amount of RNY Power from 100 MW to no more than 150 MW for eligible not-for-profit corporations and eligible small businesses statewide.

"Eligible applicant" is defined by statute to mean an eligible business, eligible small business, or eligible not-for-profit corporation, however, an eligible applicant shall not include retail businesses as defined by EDPAB, including, without limitation, sports venues, gaming or entertainment-related establishments or places of overnight accommodations.

RNY Power allocation awards are comprised of 50% hydropower and 50% Authority-procured market power. Prior to entering into a contract with an eligible applicant for the sale of RNY power, and prior to the provision of electric service relating to the RNY power allocation, the Authority shall offer each eligible applicant the option to decline to purchase the RNY market power component of such allocation. If an eligible applicant declines to purchase the RNY market power component, the Authority has no responsibility for supplying such market power to the eligible applicant.

Under applicable law, applications for RNY Power are first considered by EDPAB. EDPAB is authorized to recommend applicants to the Authority's Trustees that it believes should receive an award of RNY Power based on applicable statutory criteria and other pertinent considerations. The criteria provided for in the RNY Statutes are summarized in Exhibit "H" to this memorandum. An allocation recommended by EDPAB qualifies the subject applicant to enter into a contract with the Authority for the purchase of the RNY Power if the Authority makes an allocation award.

In arriving at recommendations for EDPAB's consideration, Staff, among other things, attempted to maximize the economic benefits of low-cost NYPA hydropower, the critical state asset at the core of the RNY Power Program, while attempting to ensure that each recipient receives a meaningful RNY Power allocation.

Unless otherwise noted in Exhibits “C”, “D”, and “E” (recommendations for new RNY Power allocations), new business applicants with relatively high scores were recommended for allocations of retention RNY Power of 50% of the requested amount or average historic demand, whichever was lower. These allocations were capped at 10 MW for any recommended allocation. Not-for-profit corporation applicants that score relatively high are typically recommended for allocations of 33% of the requested amount or average historic demand, whichever is lower. These allocations are capped at five MW. Applicants currently receiving hydropower allocations under other Authority power programs are typically recommended for allocations of RNY Power of 25% of the requested amount, subject to the caps as stated above.

RNY Power allocation extensions have been awarded by the Trustees on twenty prior occasions spanning from October 2018 through March 2024. These recommendations pertain to existing RNY Power customers receiving an Extended Term of seven years.

RNY Power allocations pertaining to new applicants have been awarded by the Trustees on forty prior occasions spanning from April 2012 through March 2024. Currently, approximately 40 MW of RNY Power remains unallocated. This figure reflects actions taken by the Trustees on RNY Power applications prior to any actions that EDPAB recommends today. If today’s recommendations by EDPAB are approved by the Trustees, it is anticipated that approximately 36 MW of RNY Power would remain unallocated.

Applications for new RNY Power allocations have been considered, where applicable, under NYPA’s Green Jobs Evaluation Incentive Plan and the Diversity, Equity, and Inclusion (“DEI”) Evaluation and Incentive Plan. These plans were approved by the Trustees on December 9, 2020 and December 7, 2021, respectively.

The sale of RNY Power allocations that are recommended by EDPAB today for approval by the NYPA Trustees would be governed by the form of RNY Power contract that was approved by the Trustees on March 26, 2019, and existing Authority Service Tariff RNY-1. The terms and conditions in the RNY Power contract form are consistent with the terms and conditions pertaining to the sale of Allocations as described above.

DISCUSSION

1. Extension of Existing Allocations

For the current round of recommendations, Authority staff has reviewed applications from seven RNY Power customers who are requesting that their existing RNY Power allocations be extended. Exhibit “A” lists, among other things, the name of each such customer, the amount of its current Allocation, and each customer’s supplemental commitments for jobs and capital investments associated with its extension recommendation. A copy of each application has also been made available to the Board. Staff’s review has included on a customer-specific basis consideration of such issues as the amount of each Allocation that would be extended, the supplemental commitments that these customers have made under their Existing Contract and are prepared to make as consideration for an extension, and the customer’s compliance status

under its Existing Contract, including its compliance with supplemental commitments for jobs and capital investments.

Staff recommends that EDPAB recommend to the Trustees that the Allocations be extended for each company as indicated in Exhibit "A".

Staff has concluded that the businesses listed in Exhibit "A", which are located throughout the State, continue to bring valuable benefits to the State. In total, the Allocations listed in Exhibit "A" are supporting the retention of more than 580 jobs and \$22 million in capital investments throughout New York State. The Authority will require customers to commit to the same or substantially similar supplemental commitments for jobs and capital investments that are contained in Exhibit "A" for the Extended Term.

Staff believes that an extension of each Allocation listed in Exhibit "A" is warranted and is consistent with the statutory criteria that are used to evaluate applications for an award of RNY Power which are summarized in Exhibit "H". As described above, each Allocation would be extended for a term not to exceed seven years.

2. Modifications to Existing Allocations, Extensions, and/or Related Supplemental Commitments

Staff requests that EDPAB recommend to the Trustees that the three modifications relating to the previously approved RNY Power allocations, extensions, and/or related supplemental commitments listed in Exhibit "B" be approved for the reasons presented below.

Cafe Spice, LLC ("Cafe Spice") was previously approved for retention-based and expansion-based RNY Power allocations at separate facilities located in New Windsor, New York (Orange County) and in Beacon, New York (Dutchess County). The company, which is a manufacturer and distributor of prepared meals, currently utilizes its retention-based RNY Power allocation of 146 kW at its New Windsor facility with supplemental commitments of 118 retained jobs and \$0.75 million in capital spending. The company was also awarded a 1,216 kW expansion-based RNY Power allocation for its Beacon site with supplemental commitments of 127 new jobs and \$10 million in capital spending. NYPA staff reviewed the company's recent request and determined that Cafe Spice has met the requirements to start utilizing a portion of its expansion-based RNY Power allocation at its Beacon facility. It was also determined that a consolidation of the company's allocations would be appropriate for Cafe Spice. A combined campus allocation would provide the company with more flexibility with respect to combined job and capital spending commitments across its sites. The campus modification would further allow Cafe Spice to utilize a combined allocation at its Beacon and New Windsor facilities within one RNY Power contract. For these reasons, the Trustees are requested to approve a campus-based modification to reflect a combined RNY Power awarded amount of 1,362 kW with commitments of 245 total jobs (118 retained jobs and 127 new jobs) and \$10.75 million in capital spending.

HealthAlliance Hospital Broadway Campus ("HealthAlliance Broadway") and HealthAlliance Hospital Mary's Avenue Campus ("HealthAlliance Mary's Avenue") were

previously approved for retention-based RNY Power allocations at separate facilities located in Kingston, New York (Ulster County). HealthAlliance Broadway's RNY Power allocation has since been extended in the amount of 260 kW with current commitment levels of 164 retained jobs and more than \$42 million in capital spending. HealthAlliance Mary's Avenue currently remains on its original RNY Power allocation in the amount of 306 KW with supplemental commitment levels of 400 retained jobs and \$15 million in capital spending. In recent discussions with the customer, it was determined that a consolidation of its allocations would be appropriate. A combined campus allocation would provide the customer with more flexibility with respect to combined job and capital spending commitments across its sites. The campus modification would further allow HealthAlliance Broadway and HealthAlliance Mary's Avenue to utilize a combined allocation at its Kingston facilities within one RNY Power contract. In aggregate, the customer would be able to commit to 724 retained jobs for the modification across both sites. For these reasons, the Trustees are requested to approve a campus-based modification to reflect a combined RNY Power awarded amount of 566 kW with commitments of 724 retained jobs and more than \$57 million in capital spending.

Rising Sun Woodworking, Inc. ("Rising Sun") was previously approved for a retention-based RNY Power allocation extension in the amount of 20 kW with commitments of 21 retained jobs and \$0.4 million in capital spending. The company, which provides custom cabinetry and millwork services, currently utilizes the allocation at its facility in Cutchogue, New York (Suffolk County). In recent discussions with the customer, it was determined that Rising Sun has experienced load growth giving rise to its request for additional RNY Power. The company has also experienced employment growth, allowing it to increase its original commitment of 18 jobs to its present commitment of 21 jobs. For these reasons, the Trustees are requested to approve a modification increasing the allocation extension to Rising Sun by 10 kW to 30 kW. The proposed modification would not result in any changes to the current extension-related job and capital investment commitments (21 retained jobs and \$0.4 million in capital spending).

In summary, staff supports the requested modifications, and therefore requests that EDPAB recommend that the NYPA Board of Trustees approve the modifications listed in Exhibit "B".

3. Retention-Based RNY Power Allocations

Staff recommends that EDPAB recommend to the NYPA Trustees that the two applicants listed in Exhibit "C" be awarded retention-based RNY Power allocations in the amounts indicated therein. Each business has stated a willingness to retain jobs in New York State. Additionally, these applicants will be committing to capital investments in exchange for the recommended RNY Power allocations. Unless otherwise indicated in Exhibit "C", these applicants seek an RNY Power allocation for job retention purposes only. The retention-based allocations are each recommended for a term of seven years unless otherwise indicated. The Authority's RNY Power sale contract form would also contain the provisions summarized above.

4. Expansion-Based RNY Power Allocations

Staff recommends that EDPAB recommend to the NYPA Trustees that the three applicants listed in Exhibit “D” be awarded expansion-based RNY Power allocations in the amounts indicated, which would be sourced from the 200 MW block of RNY Power dedicated pursuant to statute for the businesses that propose to expand existing businesses or create new business in the State. Unless otherwise indicated in Exhibit “D”, these applicants seek an RNY Power allocation for expansion of an existing business or a new business/ facility. Each such allocation would be for a term of seven years unless otherwise indicated. The Authority’s RNY Power sale contract form would also contain the provisions summarized above.

5. Small Business and/or Not-for-Profit RNY Power Allocations

Staff recommends that EDPAB recommend to the NYPA Trustees that the small business and/or not-for-profit applicants listed in Exhibit “E” be awarded 13 RNY Power allocations in the amounts indicated therein each for a seven-year term. The applicants have committed to retain and/or create jobs in New York State and make capital investments in exchange for the recommended RNY Power allocations as described in Exhibit “E”. The contracts for these allocations would also contain the provisions summarized above.

6. Applicants Not Eligible

Staff recommends that the Board determine that the two applicants listed in Exhibit “F” are ineligible to receive an RNY Power allocation for the reasons listed in Exhibit “F”.

7. Termination of Application Review Process

Staff recommends that the Board terminate the application review process for the two applicants listed in Exhibit “G” for the reasons listed in Exhibit “G”. In the past, some applicants in these circumstances have refiled if able to advance a more complete RNY Power application.

FISCAL INFORMATION

The actions recommended herein will not have a negative impact on the Authority’s finances.

RECOMMENDATION

For the reasons stated above, staff recommends that EDPAB:

- (1) Recommend to the NYPA Trustees that each of the existing seven Allocations of RNY Power listed in Exhibit “A” be extended for a term of seven years as described above, to commence on the expiration of such Allocation, or at the Authority’s discretion on a date to be agreed upon by the parties for a term not to exceed seven years;
- (2) Recommend to the NYPA Trustees that, in addition to any other terms and conditions that the Authority determines in its discretion to be appropriate for the sale of the Allocations recommended herein, such terms and conditions include:

- (a) provisions for effective periodic audits of the customer whose Allocation is extended for the purpose of determining contract and program compliance, and for the partial or complete withdrawal of an Extended Allocation if the business fails to maintain mutually agreed upon commitments, including those relating to employment levels, capital investments, power usage and energy efficiency measures;
 - (b) a requirement that the customer whose Allocation is extended undertake at its own expense energy audit of its facilities at which the Extended Allocation is consumed at least once during the term of the allocation absence good cause, and provide the Authority with a copy of any such audit or, at the Authority's option, a report describing the results of such audit, and provide documentation requested by the authority relating to the implementation of any efficiency measures at the facilities;
 - (c) an agreement by the customer whose Allocation is extended to make its facilities available for energy audits and related assessments that the authority desires to perform, if any, and provide information requested by the Authority or its designee in surveys, questionnaires and other information requests relating to energy efficiency and energy-related projects, programs and services; and
 - (d) an agreement by the customer whose Allocation is extended that if the actual metered load at the facility where the allocation is utilized is less than the allocation, such allocation will be reduced accordingly;
- (3) Recommend that the NYPA Trustees approve the three modifications related to the RNY Power allocations, extensions, and/or related supplemental commitments described in Exhibit "B" for the reasons discussed above and in Exhibit "B";
- (4) Recommend that the NYPA Trustees award the two new allocations of RNY Power for retention purposes to the businesses listed in Exhibit "C" as indicated therein;
- (5) Recommend that the NYPA Trustees award the three new allocations of RNY Power for expansion purposes to the businesses listed in Exhibit "D" as indicated therein;
- (6) Recommend that the NYPA Trustees award the 13 new allocations of RNY Power for the small business and/or not-for-profit applicants identified in Exhibit "E" for retention and expansion purposes as indicated therein;
- (7) Determine that the two applicants listed in Exhibit "F" are not eligible to receive an RNY Power allocation for the reasons listed in Exhibit "F"; and
- (8) Terminate the application review process for the two applicants listed in Exhibit "G" for the reasons listed in Exhibit "G".

RESOLUTION

RESOLVED, That the Economic Development Power Allocation Board (“Board”) recommends that the New York Power Authority (“NYPA”) Board of Trustees (“Trustees”) extend each of the existing seven allocations of Recharge New York (“RNY”) Power (“Allocation” or collectively “Allocations”) in the manner described in the accompanying memorandum of the Senior Vice President, Customer Solutions (the “Memorandum”) for a term of seven years, to commence (1) on the expiration of each such Allocation, or (2) at the Authority’s discretion on a date to be agreed upon by the Authority and the customer, for a term not to exceed seven years; and be it further

RESOLVED, That the Board also recommends that in addition to any other terms and conditions that the Authority determines in its discretion to be appropriate for the sale of the Allocations recommended herein, such terms and conditions include:

- (1) provisions for effective periodic audits of the customer whose Allocation is extended for the purpose of determining contract and RNY Power program compliance, and for the partial or complete withdrawal of an Extended Allocation if the customer fails to maintain mutually agreed upon commitments, including specifically commitments relating to, among other things, employment levels, power utilization, capital investments, and/or energy efficiency measures;
- (2) a requirement that the customer whose Allocation is extended (a) undertake at its own expense an energy audit of its facilities at which the Extended Allocation would be consumed at least once during the term of the Extended Allocation absence good cause as determined by the Authority, and (b) provide the Authority with a copy of any such audit or, at the Authority's option, a report describing the results of such

- audit, and provide documentation requested by the authority relating to the implementation of any efficiency measures at the facilities; and
- (3) an agreement by the customer whose Allocation is extended to make its facilities available for audits and related assessments that the authority desires to perform, if any, and provide information requested by the authority or its designee in surveys, questionnaires and other information requests relating to energy efficiency and energy-related projects, programs and services; and
- (4) an agreement by the customer whose Allocation is extended that if the actual metered load at the facility where the allocation is utilized is less than the allocation, such allocation will be reduced accordingly; and be it further

RESOLVED, That the Board recommends that the NYPA Trustees approve the three modifications/adjustments to the RNY Power allocations, extensions, and/or related supplemental commitments for the reasons indicated in the Memorandum; and be it further

RESOLVED, That the Board recommends that the NYPA Trustees approve the two new RNY Power allocations for retention purposes in the amounts indicated in the Memorandum; and be it further

RESOLVED, That the Board recommends that the NYPA Trustees approve the three new RNY Power allocations for expansion purposes in the amounts indicated in the Memorandum; and be it further

RESOLVED, That the Board recommends that the NYPA Trustees approve the 13 new RNY Power allocations for retention and expansion purposes to the small businesses and/or not-for-profit companies in the amounts indicated in the Memorandum; and be it further

RESOLVED, That the Board determines that the two identified applicants are not eligible to receive an RNY Power allocation for the reasons discussed in the Memorandum; and be it further

RESOLVED, That the Board terminates the application review process for the two identified applicants for the reasons discussed in the Memorandum.

- (1) The applicants are being recommended for both RNY retention and expansion-based allocations.
- (2) The recommendation and associated commitments will apply to multiple facilities/addresses. This configuration will be implemented accordingly in the customer's power contract.
- (3) All expansion-based RNY Power allocations are recommended to be "up to" the amount indicated pending the applicant's compliance with contractual commitments, including commitments relating to job creation, capital investment spending, and power utilization.
- (4) The number of new jobs committed will be above a base employment level specified in the applicant's retention-based allocation recommendation.

**Economic Development Power Allocation Board
 ReCharge New York Power Program
 Informational Item - Applicants Not Eligible**

**Exhibit "F"
 July 30, 2024**

Line	Company	City	County	Economic Development Region	IOU	Description	Reason
1	Candy Carnival	New Paltz	Ulster	Mid-Hudson	CHUD	Retail candy store	The applicant's business falls within EDPAB's definition of a retail business. Specifically, the applicant operates a business that is primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain goods or services.
2	Glam with Bham	Queens	Queens	New York City	CONED	Beauty salon & cosmetic services	The applicant's business falls within EDPAB's definition of a retail business. Specifically, the applicant operates a business that is primarily used in making retail sales of goods or services to customers who personally visit such facilities to obtain goods or services.

Economic Development Power Allocation Board
 ReCharge New York Power Program
 Informational Item - Terminate Application/Review Process

Exhibit "G"
 July 30, 2024

Line	Company	City	County	Economic Development Region	IOU	Description	Reason
1	Linton Crystal Technologies Corp.	Rochester	Monroe	Finger Lakes	RGE	Manufacturer of monocrystalline ingots	The applicant has applied prematurely and is unable to currently provide staff with additional requested information, preventing a complete analysis of the application. The applicant may consider reapplying if and when able to advance a more complete RNY Power application.
2	Lovejoy Chaplet Corporation	Hoosick Falls	Rensselaer	Capital District	NGRID	Manufacturer of precision machined components	The applicant submitted an incomplete application, preventing a complete analysis of the application. The applicant may consider reapplying if and when able to advance a more complete RNY Power application

Line	Criteria Description
1	The significance of the cost of electricity to the applicant's overall cost of doing business, and the impact that a Recharge New York power allocation will have on the applicant's operating costs;
2	The extent to which a Recharge New York power allocation will result in new capital investment in the state by the applicant;
3	The extent to which a Recharge New York power allocation is consistent with any regional economic development council strategies and priorities;
4	The type and cost of buildings, equipment and facilities to be constructed, enlarged or installed if the applicant were to receive an allocation;
5	The applicant's payroll, salaries, benefits and number of jobs at the facility for which a Recharge New York power allocation is requested;
6	The number of jobs that will be created or retained within the state in relation to the requested Recharge New York power allocation, and the extent to which the applicant will agree to commit to creating or retaining such jobs as a condition to receiving a Recharge New York power allocation;
7	Whether the applicant, due to the cost of electricity, is at risk of closing or curtailing facilities or operations in the state, relocating facilities or operations out of the state, or losing a significant number of jobs in the state, in the absence of a Recharge New York power allocation;
8	The significance of the applicant's facility that would receive the Recharge New York power allocation to the economy of the area in which such facility is located;
9	The extent to which the applicant has invested in energy efficiency measures, will agree to participate in or perform energy audits of its facilities, will agree to participate in energy efficiency programs of the authority, or will commit to implement or otherwise make tangible investments in energy efficiency measures as a condition to receiving a Recharge New York power allocation;
10	Whether the applicant receives a hydroelectric power allocation or benefits supported by the sale of hydroelectric power under another program administered in whole or in part by the New York Power Authority;
11	The extent to which a Recharge New York power allocation will result in an advantage for an applicant in relation to the applicant's competitors within the state; and
12	In addition to the foregoing criteria, in the case of a not-for-profit corporation, whether the applicant provides critical services or substantial benefits to the local community in which the facility for which the Recharge New York power allocation is requested is located.
