

Customer Project Delivery - Service Provider Information Session

FREE EVENT In-Person & Virtual

Wednesday, July 17 • 10a.m. – 2p.m.

The New York Power Authority (NYPA) invites all suppliers that provide Turnkey Design, Bid Build, and Design Build services to attend our Service Provider Information Session!

Learn more about upcoming opportunities in support of our Customer Energy Efficiency Program.

NYPA is a leader in promoting energy efficiency, decarbonization, and the development of clean energy technologies. The Authority has the statutory authorization to serve public entities, independent not-for-profit colleges and universities, and other similar customers with its clean energy programs.

Since the 1980's, NYPA has completed energy efficiency and clean energy projects at more than 5,200 public facilities throughout the state.

Additionally, your firm will:

- Learn about NYPA's Statewide Energy Efficiency Program
- Learn about Turnkey Design Bid Build, Design Build, Audit and Retro-Commissioning services
- Meet and connect with Customer Project Delivery, Procurement, Supplier Diversity, and Supplier Relationship business groups

To attend virtually, scan the QR Code:

NYPA 123 Main Street (Jaguar Room) White Plains, NY

For In-person registration: <https://shorturl.at/OIODJ>

Contact Supplier Relationship at SRM@nypa.gov for more information.
