Washington, DC 20426Re: Vischer Ferry Hydroelectric Project, FERC Project No. 4679-050
Final License Application - Exhibit G Electronic data files

Dear Secretary Bose:

On May 25, 2022, the Power Authority of the State of New York filed an Application for New License for the Vischer Ferry Hydroelectric Project (FERC No. 4679) with the Federal Energy Regulatory Commission (FERC). Included in the Application for the Vischer Ferry Project were new Exhibit G Project boundary maps. Inadvertently excluded from the filing were the electronic GIS data files that are to accompany Exhibit G.

In a letter dated June 22, 2022, FERC issued a deficiency notice and a request for the missing Exhibit G electronic data files.

Accordingly, enclosed for submittal, and pursuant to Section 4.41(h) of the Commission's regulations are the Exhibit G GIS electronic data files (ArcView shape files) for the Vischer Ferry Project.

If you have any questions regarding the enclosed FLA, please contact me at (914) 681-6564 or Rob.Daly@nypa.gov.

Sincerely,

Rob Daly
Director, Licensing

Enclosure:
